haysmacintyre Chartered Accountants and tax advisers brings together a vast range of expertise and experience that is valuable to private members' clubs. Located in central London, our firm offers specialist expertise in a number of areas of interest to clubs including VAT, taxation and financial services.

The firm's leading position in the not for profit sector means we can also draw upon our wide experience to assist those clubs with their charitable and trust issues. We also advise over 40 trade and membership organisations where there are many similar issues to private clubs.

The firm also has a significant commercial client base – from large listed companies to smaller owner-managed businesses in a range of sectors including property, media and entertainment and sports – upon which our club clients can draw for commercial input.

membership clubs

With over 20 London clubs as clients of the firm, we have unparalleled experience in advising large and small membership clubs on a range of financial, management and commercial issues. We have been instrumental – using our VAT expertise – in saving the clubs' sector millions of pounds over the past few years.

Services and advice provided to membership clubs include:

- audit and assurance
- business taxation
- employment issues – PAYE, National Insurance, staff Christmas funds
- financial planning – Mutual formation, pension funds
- membership subscriptions – taxation issues
- trading operations
- governance training
- VAT

The firm runs informal networking sessions for both clubs secretaries and club accountants, where technical updates are provided.
